

ABOUT JAIPUR

Jaipur, the capital of Rajasthan, is also referred to as Pink City. Built by Sawai Jai Singh, this place was India's first planned city. Jaipur is famous for unique Architecture, Vastu, Astrology, Forts, Monuments, Palaces, Art, Craft and Culture. Heritage of year 1727 is still alive in Jaipur which is the main attraction of Jaipur tour. Main attractions of Jaipur tour are Amber fort, Nahargarh Fort, Jaigarh Fort, Jal Mahal, Hawa Mahal, City Palace, Galta temple, Birla temple, Govind dev ji temple and Albert hall museum. Only forts and monuments aren't the attractions of this pink city, the intricate Handicraft items and exquisite Jewellery and unique Food also catches the eyeballs of tourists. Jaipur is renowned on international tourism map as one vertex of Golden Triangle of Indian tourism.

ABOUT MAIET, JAIPUR

Maharishi Arvind Institute of Engineering & Technology, Jaipur, established in 1999, is the first private engineering college in Jaipur, located in the heart of the city. The campus also houses Maharishi Arvind Institute of Pharmacy a Four-Year B. Pharma & Two Year M. Pharma Programme, a Management Institute for a Two-Year MBA degree Programme.

Besides, it has established three more Engineering colleges at Jaipur & Kota namely, Maharishi Arvind International Institute of Technology, Maharishi Arvind College of Engineering & Technology and Maharishi Arvind College of Engineering & Research Centre and has introduced new Programmes such as M.Tech (Electronics/ Computer Science/ Civil/ Thermal/ Design) and Diploma in Engineering.

FDP OBJECTIVES AND OUTCOMES

OBJECTIVES:-

- Skill development is a powerful tool to empower the people and improves their social acceptance. It is complemented by a good economic growth and enhances employability. India is towards the verge of being a developed country which needs a greater number of skilled and knowledgeable people
- To facilitate exposure to latest pedagogical methods classroom and to revive the teaching style, delivery of content, course preparation and management of changing paradigm shift in teacher-student relationship.
- Be able to suitably apply the principles of adult learning in varied learning contexts.
- To develop research acumen among faculty members and also dissemination of the same amongst the students by incorporating research based inputs in education.
- To orient learners towards self-learning and develop skills in communication.
- To develop a group of trainers equipped with innovative teaching methods.

OUTCOMES:-

- The programme will promote conceptual clarity of importance of application of innovative scientific teaching techniques amongst participants.
- It will provide an opportunity to be taught by experts and share experiences. with co-participants across India.
- The programme will focus on maximizing hands-on development of practical skill.
- This course orients the teachers for a technology-rich future and keeps up with the change by adopting effective strategies that infuse lessons with appropriate technologies.
- Integration of skill development and education is essential for skilling to take wings. Skill development will remain a dream if carried out in isolation through centers alone. It has to be imparted in academic institutions.
